

### Introduction

In today's interconnected world, higher education is more important than ever, driven by fast changes in information and technology. Our institution is proud to be permanently affiliated with the university and recognized by the University Grants Commission (UGC) under Act 1956 (2(F) and 12(B)). This recognition allows us to access essential subsidies that support our growth. In March 2019, we successfully completed our first accreditation cycle, earning a "B" grade from NAAC with a CGPA of 2.48. This achievement highlights our strong commitment to academic excellence and service to the community. Dreaming of a bright future is a natural instinct, and today's efforts shape tomorrow's possibilities. Our institution is dedicated to upholding the rich legacy of higher education and fostering the holistic development of our students. This period of college education is crucial for personal growth, which is why we offer a diverse range of courses in Arts, Sports, Computer Science, Environmental Studies, and the National Service Scheme, alongside academic programs. We are committed to being student-centric, continually improving the quality of education, and providing numerous extracurricular opportunities that contribute to overall development. Parents, it is essential to recognize that this might be a unique opportunity for your child. We encourage you to consider enrolling your child in our college, allowing us to help guide their future. Under the leadership of Hon. Suryakantatai Patil, we are focused on meeting the expectations set for our institution. We seek your continued support to advance our college in alignment with these goals. Our mission goes beyond academic excellence; we aim to build confidence and empower students for their future endeavors. Together with the support of our management, faculty, and dedicated staff, we are determined to transform our college into a dynamic institution that reaches new heights of achievement, in line with the aspirations of the National Education Policy 2020.

### Vision

- To empower rural tribal communities with accessible, quality education that nurtures cultural pride and inspires posit
